COOPERATIVE LETTER OF INTENT – PINGLU COUNTY

The Board of Directors of the Company announce that on 2 February 2007, Beijing WFC has entered into the Letter of Intent whereby the PingLu Government will provide favorable assistance to Beijing WFC in procurement on a leased basis of forest land of no less than 500,000 Chinese Mu by area for the purpose of field plantation; and Beijing WFC will provide the genetically modified tree specie *Broussonetia payriferalvent* and technical support for plantation of the tree specie in PingLu County.

The Proposed Cooperation is subject to the Formal Agreement and the finalization of the terms and conditions thereof.

THE LETTER OF INTENT

The Board of Directors of the Company is pleased to announce that on 2 February 2007, Beijing WFC, a wholly owned subsidiary of the Company, has entered into the Letter of Intent with the PingLu Government for promoting the plantation in the PingLu County the genetically modified tree specie *Broussonetia payriferalvent*, which is a Moraceae plant under the category of Deciduous Trees and its highly resistance characteristic allow trees to grow in environments unfavorable to other plants. The favorable attributes of the tree specie brings economic efficiency and better productivity for higher land utilization and lower labour costs. The trees also facilitate the growth of soil micro-organism that may serve to improve quality of infertile land on which plantation is carried out, as well as lowering the carbon dioxide level in the surrounding atmosphere.

In accordance with the Letter of Intent, Beijing WFC will provide the genetically modified tree specie *Broussonetia payriferalvent* and technical support for plantation of the tree specie in the PingLu County, and the PingLu Government will provide favorable assistance to Beijing WFC in the procurement on a leased basis of forest land of no less than 500,000 Chinese Mu by area for the purpose of field plantation. The forest land to be transferred is being identified and has not been confirmed at this stage. However, it was specified in the Letter of Intent that the forest land to be leased by Beijing WFC may cover land managed under the PingLu County Government's jurisdiction and portion of 200,000 Chinese Mu by area shall comprise of existing forest land held under PRC State ownership; while the remaining portion may comprise of existing forest land held under mass-ownership and individual ownership. In addition, PingLu Government will collaborate with Beijing WFC in the application to the PRC State and provincial forestry bureau for forestry renovation mandate in the order that sufficiently adequate land resources of suitable quality will be made available to Beijing WFC for the purpose of field plantation.

Shareholders should note that the Proposed Cooperation is subject to the Formal Agreement and the finalization of the terms and conditions thereof. **As the Proposed Cooperation is subject to the Formal Agreement, Shareholders and investors are advised to exercise caution when dealing in the Shares.**

REASONS FOR AND BENEFITS OF THE LETTER OF INTENT

The Group is principally engaged in design, manufacture and sale of quality men's and ladies' wear and apparel items, manufacture uniforms for government authorities, state enterprises and other corporate customers, and investment holding.

In order to complement with the highly competitive apparel market, the Directors consider the diversification of business into new areas of high-growth potential will be in the best interest of its Shareholders. The Company takes initiative in identifying business opportunities in new emerging industries that will broaden its revenue sources. In the second quarter of 2006, the Company has successfully diversify its business into ecology forestry business in PRC through the

acquisition of Beijing WFC, details of such acquisition has been set out in the Company's circular to Shareholders dated 18 April 2006. The Directors consider the Proposed Cooperation would enlarge the portfolio in the Company's diversified ecological forestry business and improve the Group's earning's base and asset quality.
